

Patient Name : **MR VISHAL PAUDEL**

DOB/Age/Gender : 18 (Male)

Patient ID : 47114

Referred By : SELF

Sample Type : Nasopharyngeal & Oropharyngeal

Client : Home Collection - Gurgaon - F10168 -

Bill Date : 05/11/2021, 03:43 PM

Sample Collected : 05/11/2021, 01:00 PM

Sample Received : 05/11/2021, 02:00 PM

Report Date : 05/11/2021, 07:50 PM

SRF. ID : -0916200035494

Barcode No : 1029330921

Test Description	Value(s)	Unit(s)	Reference Range
------------------	----------	---------	-----------------

Covid-19 RTPCR

N Gene	Negative
CT Value N Gene	NA
ORF - 1ab Gene	Negative
CT Value ORF - 1ab Gene	NA
Final Report	Negative

Interpretation

Observation	Interpretation
If amplification shows only internal control (IC) positive	Negative for COVID 19 Virus
If amplification shows E gene , N gene and IC	Positive for COVID 19 Virus
If Ct Value ≤ 40	Positive for COVID 19 Virus
If no amplification shows E gene , N gene and IC	Inconclusive

Note

The test results are highly dependent on the appropriate sampling, handling and transportation. False positives can occur due to background RNA contamination at the laboratory or at preanalytical stages. False negatives may occur due to presence of PCR inhibitors or viral loads being below the limit of detection of the assay. Clinical correlation and confirmation with alternate methods is required. No clinical decisions should be taken purely on the basis of this report. Contact the laboratory immediately in case of any discrepancies in the report.

1. Rates of positive PCR may be affected by stage of the disease & its severity. Presence of inhibitors, mutations and insufficient organism RNA can influence the result.
2. COVID 19 test conducted as per protocol ICMR/ GOI.
3. CT value stated above may be influenced by pre analytical factors including sample type, sample collection, testing kit used and between testing laboratories.
4. All inconclusive samples need to be repeated with fresh sample.
5. This test's results/interpretation cannot be used for any medico-legal purpose

NABL Reg. No. : MC3989 / ICMR Registration Number: RCLSPLNUP**# This test is not under NABL scope.****About COVID-19:**

COVID-19 is a new strain of the Coronavirus discovered in 2019 and was not identified in humans till then. Coronaviruses (CoV) are a large family of viruses that cause illness ranging from the common cold to more severe diseases such as Severe Acute Respiratory Syndrome (SARS-CoV) and Middle East Respiratory Syndrome (MERS-CoV). The disease may manifest into a variety of symptoms but not limited to common cold, fever, cough, shortness of breath

All Lab results are subject to clinical interpretation by qualified medical professional and this report is not subject to use for any medico-legal purpose.

CONDITIONS OF REPORTING

1. It is presumed that specimen belongs to patient named or identified, such verification being carried out at the point of generation of said specimen
2. A test might not be performed due to following reasons:
 - Specimen Quantity not sufficient (Inadequate collection/spillage during transit)
 - Specimen Quality not acceptable (Hemolysis/clotted/lipemic.)
 - Incorrect sample type
 - Test cancelled either on request of patient or doctor

In any of the above case a fresh specimen will be required for testing and reporting

3. The results of the tests may vary from lab to lab; time to time for the same patient
4. The reported results are dependent on individual assay methods, equipment, method sensitivity, specificity and quality of the specimen received
5. Partial representation of report is not allowed
6. The reported tests are for the notification of the referring doctor, only to assist him/her in the diagnosis and management of the patient
7. If Sample collection date is not stated on test requisition form, the current date will be printed by default as the date of collection.
8. Report with status "Preliminary" means one or more test are yet to be reported
9. This report is not valid for Medico Legal Purpose
10. Applicable Jurisdiction will be of "Delhi" for any dispute/claim concerning the test(s) & results of the test(s)
